28- Continuing to allow the opening of amusement parks and all entertainment centers according to the following:

A) A capacity not exceeding 75 percent for amusement parks and recreational centers in open spaces.

B) A capacity not exceeding 50 percent for amusement parks and recreational centers in closed places, and allowing entry to customers who have completed doses of the COVID-19 vaccine.

In all cases, all employees of these facilities must have completed doses of the COVID-19 vaccine.

29- Continuing to allow the opening of health clubs, physical training clubs, and massage services, not exceeding 50 percent of the capacity, dressing rooms, showers, saunas, steam, jacuzzi services, and Moroccan and Turkish baths are closed, provided that all employees of these facilities and customers have completed doses of the COVID-19 vaccine.

30- Continuing to allow the opening of swimming pools and water parks according to the following:

A) A capacity not exceeding 75 percent for all swimming pools and water parks in open spaces.

B) A capacity not exceeding 50 percent for all indoor swimming pools and water parks, and allowing entry to customers who have completed doses of the COVID-19 vaccine.

In all cases, all employees of these facilities must have completed doses of the COVID-19 vaccine.

31- Continuing to allow medical services to be provided in private health care facilities with the full capacity of these facilities, provided that all workers have completed doses of the COVID-19 vaccine.

32- Continuing to allow cleaning and hospitality companies to provide their services through their employees who have completed doses of the COVID-19 vaccine, whether in one or more homes, allowing the provision of cleaning and hospitality services to the facilities contracting with it during working hours with a full capacity, through its employees who have completed doses of the COVID-19 vaccine.

Second: Compliance with the health requirements, procedures, precautionary measures and controls determined by the Ministry of Public Health shall be taken into consideration.

Third: The Ministry of Interior, the Ministry of Public Health, the Ministry of Commerce and Industry, and other government agencies, each within their respective

jurisdiction, take the necessary measures in this regard, to ensure compliance with health requirements, precautionary measures and established controls.

Fourth: These decisions shall come into force as of Saturday, Jan. 8, 2022, until further notice.

Then, the Cabinet considered the topics on the agenda as follows:

1) A draft decision of HE Minister of Transport to issue the executive regulations of Law No. 9 of 2019 regarding the road transport of hazardous materials.

2) A draft decision of HE Minister of Commerce and Industry regarding the registration mechanism for companies of persons and entities participating in activities related to hosting the FIFA 2022 Qatar World Cup.

Second - Approval of a draft memorandum of understanding template for cooperation in the field of civil aviation between the Qatar Civil Aviation Authority and the civil aviation authorities in other countries.

Third - The Cabinet reviewed the results of the work and recommendations of the Minimum Wage Committee, and took the appropriate decision.

The committee recommended continuing with the estimated value of the currently applied minimum wage.

The committee is responsible for studying and reviewing the minimum wage, in accordance with the following controls:

The minimum wage is reviewed at least once a year, taking into account economic factors, including economic growth, competitiveness and productivity, and the needs of workers, employees and their families. (QNA)
